I. Department Council

- a. **Mandate:** The Department operates through collegial governance, which entails high levels of participation, collective decision-making and mutual respect. The Council is the governing body and final decision-making authority of the Department of Social Science in matters properly before it. All Committees and Departmental Officers (with the exception of the Adjudication / T&P Committee) are responsible to Council.
- b. **Composition:** The voting members¹ of Department Council shall include:
 - i. All full time faculty, including tenured, probationary tenure-stream, and CLA faculty;
 - ii. All long-term Unit 2 members.²
- c. **Meetings:** Department Council shall normally meet monthly, or as needed. Quorum will be required for motions to proceed to a vote. Quorum shall be defined as 20 per cent of voting members of Council.
- d. **Duties and Responsibilities:** The Department Council shall:
 - i. Conduct the academic planning of the Department;
 - ii. Discuss and decide on recommendations submitted by the various Standing and Ad Hoc Committees of the Department, the Chair, the Executive, and the Undergraduate Program Director, whether by consent agenda or item by item motions;
 - iii. Review decisions made by Executive on behalf of Council requiring action between scheduled Council meetings. Normally, the matters subject to such decision-making will be time-sensitive but routine, not warranting a specially-convened Council Meeting; and
 - iv. Decide policy related to governance of the Department.
- e. **Agenda:** The Department Executive Committee shall set the agenda for Department Council meeting in consultation with the Chair and Undergraduate Program Director. The Agenda shall normally be circulated a minimum of 4 working days in advance of meetings. - g. **Rules of Order:** The Department Council shall use Bourinot's Rules of Order in its meetings (See Appendix 1).

II. Chair

- a. **Mandate:** The Chair should exercise a leadership role in the governance of the Department and in ensuring that the Department's academic and service goals have the greatest possible opportunity to be fulfilled. The Chair should try to work by consensus wherever possible, but is also expected to act as a responsible decision maker within the limits of the collegial governance structure of the Department. One of the key roles of the Chair is to delegate responsibility to other individuals and committees and to encourage active collegial participation in the affairs of the department. (See the University Handbook for Administrators for a fuller outline of the Chair's leadership responsibilities.)
- b. **Specific Administrative Responsibilities:** The Chair is responsible for:
 - i. Representing the Department at Faculty Council, Senate, and other levels of university governance, and reporting to Department Council on the discussions and decisions of these bodies;
 - ii. Reporting to the Dean of LA&PS regarding relevant academic, budgetary and personnel matters, as well as communicating resource needs, including appointment priorities and requests, to the Dean's office;
 - iii. Ensuring, in conjunction with the Executive, that the operations of the Department adhere to university regulations;
 - iv. Overseeing the effective management of the budgetary and personnel resources of the Department;
 - v. Working with the Undergraduate Program Director and the coordinators of the interdisciplinary programs (including graduate programs where applicable) to ensure that teaching responsibilities and student advising are fairly and effectively assigned and carried out by faculty members and other members of the teaching staff;
 - vi. Determining whether faculty may be released from undergraduate teaching in order to teach in a graduate program;
 - vii. Arranging, in conjunction with the Executive, regular meetings of the Department Council and Program Coordinators, and proposing the agenda for those meetings to Executive in such a way that these bodies may exercise their proper role in the collegial governance of the Department;

- viii. In conjunction with the Executive, recommending and appointing members of standing committees, including the Curriculum Committee, the Tenure and Promotion File Preparation and Adjudicating Committees, and the Teaching, Learning, Research and Awards Committees, appointing special or ad hoc committees with specific mandates (from time to time), and ensuring that the work of such committees is reported to the Council; and
 - ix. Appointing appropriate faculty mentors for all newly-appointed probationary tenure-stream faculty members to support their progress in teaching, research and service contributions.
- c. **Appointment of Chair:** [Approved March 2004 by then-Division Council.] Chairs are appointed in accordance with the following procedures:
- i. **Composition of the Search Committee:** The Search Committee will consist of:
 - Four full-time faculty, including at least one long-term tenured member and at least one junior member in pre-candidacy or candidacy;
 - One long-term CUPE Unit 2 member; and
 - One staff member chosen by staff.

The Executive Committee will solicit faculty members to sit on the Search Committee. Faculty members are also encouraged to nominate themselves as well as others for these positions. If necessary, faculty positions on the Committee will be determined by election via secret ballot (whether via a sealed box or secure electronic voting). [Electronic voting was added in 2010]
 - ii. **Timing:** To ensure adequate time for full discussion of the search by the Department, members of the Search Committee will be identified by April of the year in which the search is done. The Committee will then encourage faculty members to consider standing for chair and will promote discussion of the search by Department members. The search will be conducted in the fall of that year, at which time the Committee will report to the Dean of LA&PS that a search is underway, with a view to having a selection in place by December 15 of the year prior to the appointment's commencement.
 - iii. **Eligibility to Vote in Election of Chair:** Those eligible to vote in the election for chair will include:
 - All full-time faculty members, including cross-appointed faculty and CLAs in at least their second year in the Department;
 - Long-term CUPE Unit 2 members; and
 - All full-time staff in at least their second year with the Department.

The Administrative Assistant will be responsible for compiling the voters' list and ensuring the Search Committee has the list.
 - iv. **The Search:** The search procedure should have both transparency and accountability. The process should be open, though with an understanding

that part of the Committee's task is to encourage candidates to stand for Chair. The search will proceed as follows:

- The Committee will draw up an alphabetical list of names of all Department members eligible to stand for Chair. CLAs, contract faculty, untenured faculty, and retired faculty are not eligible to stand.
 - A copy of this list will be circulated to all those eligible to vote for chair as a secret ballot on which they may indicate those names that they believe are "highly suitable", "suitable", "not suitable", or "DNK" (do not know).
 - After allowing at least 10 days for submission of secure ballots (whether in a sealed box or secure electronic voting), the committee will tabulate the results and draw up an alphabetical list of the ten names found most "suitable" and publicly circulate this list to the Department.
 - At the discretion of the Committee, and after at least two weeks to allow time for full discussion among Department members and with those named on the list of suitable candidates, Committee members, excluding the staff representative, may poll personally or by telephone all eligible voters regarding their preferences for Chair. The Committee will then pool the information gathered in this poll.
 - Candidates receiving strong support will be contacted by Committee members to determine their willingness to stand for Chair. The Committee will report its activities to the Dean of LA&PS at this stage.
 - The Committee will then present a short list of suitable and willing candidates that it can recommend to the Department. If this list has more than one name, an election will be held by secret ballot. If it has only one name, the Department will vote by secret ballot on whether to accept the Committee's recommendation. Balloting will be done at a Department Council meeting at which the candidate or candidates make a statement and answer questions prior to the vote.
 - Following the vote, the Dean of LA&PS will be notified of the Department's decision.
- v. **Mandate:** It is essential to invest the Search Committee for Chair with a degree of trust and authority during the final steps of the process (in the same way that trust and authority are invested in such other committees as recruitment and tenure and promotion committees). It is important that the Committee be able to act with discretion and with the assurance that there will be confidentiality concerning its work.
